

Our Preschool Day

Arrival: The preschool day begins with Valet drop off. A definite benefit when you have younger children and in inclement weather.

Gathering Time: The whole class is gathered together to start the day. We have greeting songs, social skills role playing, review the day's schedule and read the theme related book for the day.

Center Time: The children rotate with their small group to 3 rooms of creative and fun hands - on learning experiences that were described in our philosophy. The children have the opportunity to make many independent choices during the 75-90 minutes center time. Snack time is also included in center time.

The teachers create and make the concept games so they relate with the theme and book. This also adds variety and unique fun to the child's learning. These games teach all the developmentally appropriate math, language and literacy concepts and skills. The Handwriting Without Tears program is also used to encourage letter recognition and formation.

All of the children visit an additional room once a week, with only 4 children at a time, for activities to develop listening, memory and thinking skills along with phonemic awareness and environmental math.

Small Group time: fun language and creative dramatic experiences with their small group of friends and teacher.

Large Motor time: fun activities with balls, parachute, obstacle courses, bean bags, scooter boards, relays, and group games to help develop each child's large physical motor skills.

Music: We include music experiences throughout the day but this is a scheduled time with singing and moving to songs with the guitar and other musical instruments. We also have weekly devotions during this time.

Recess: We have a large outdoor play area in the midst of beautiful trees, flowers and greenery. As the children play they can enjoy the antics of the squirrels, chipmunks and birds.

Departure: Valet pick up for your children at the end of the day.

The Morning Pre K class (Which is a 10 hours a week program) has a different schedule on Wednesday and Fridays. At the beginning of the day there is a 30 minute block of Enrichment activities with Non Fiction literature based a experiences and a wonderful Music curriculum to introduce rhythmic notes with balls, drums, glockenspiels and much more. Center and small group time is also extended.
